Cluedunnit Kids: **Exhibit AC02**

Jazz Minn - T-Shirt

Cluedunnit Kids: Exhibit FG06

Analysis of T-Shirt

The fire-extinguisher in the evidence bag labelled W0019122 is a dry chemical extinguisher which is used for Class B and Class C fires only. It contains sodium bicarbonate (baking soda), which comes out as a powder.

The following exhibit was tested for the presence of sodium bicarbonate.

| Exhibit | Item | Finding | Comments |
|---------|---------------------|----------|--|
| AC02 | Jazz Minn's T-Shirt | Negative | Powder tested positive for the following: Cane Sugar, Mineral Salts (500, 504), Food Acid (296), Natural Flavour. Identified as sherbet. |
